ABOUT THE LAW SCHOOL

A hallmark of the centenary celebrations of the Law School reached a defining moment with the inauguration of the Preamble Park on 28 June 2025, within the historic and scholarly precincts of the institution. The occasion was distinguished by the presence of Hon'ble Justice Shri Bhushan Gawai, the then Chief Justice of India; the Hon'ble Union Minister for Road Transport and Highways, Shri Nitin Gadkari; and the Hon'ble Chief Minister of Maharashtra, Shri Devendra Fadnavis each of whom embodies an enduring commitment to constitutional governance and public service. Their collective participation not only elevated the event but also reaffirmed the institution's legacy as a crucible of legal education and democratic thought.

Envisioned as far more than a landscaped feature, the Preamble Park represents a profound intellectual and cultural intervention within the campus. Designed as a living, breathing manifestation of the Constitution's philosophical core, the park transforms the abstract ideals of Justice, Liberty, Equality, and Fraternity into a spatial experience that engages the mind, stirs the conscience, and inspires reflection. Every stone, pathway, and inscription has been conceived with deliberate symbolism, inviting students and visitors to contemplate the moral architecture of the Indian Republic and the responsibilities that accompany citizenship.

In its conception as an open-air classroom of constitutional values, the Preamble Park stands at the intersection of pedagogy, civic culture, and national heritage. It is meant not merely to be observed but to be experienced to serve as a sanctuary where young minds may internalize the ethical foundations of the law, where educators may anchor discussions on constitutionalism, and where the wider community may rediscover the spirit of the Preamble as a guiding force for collective progress.

Today, the Preamble Park emerges as a dynamic and intellectually vibrant addition to the Law School's campus. It symbolizes the institution's unwavering commitment to nurturing informed, empathetic, and constitutionally aware citizens. More than a landmark, it is a daily reminder that the rights we cherish and the freedoms we exercise derive from a shared civic duty that calls upon every citizen to uphold the values that define the Indian democratic experience.

NATIONAL TRIAL ADVOCACY COMPETITION

ABOUT TRIAL ADVOCACY COMPETITION

The Trial Advocacy Competition is a flagship event designed to simulate real-life courtroom proceedings and provide participants with a platform to demonstrate their skills in trial advocacy, legal reasoning, and courtroom etiquette. The competition focuses on the art of presenting a case from the filing of charges to final arguments, blending elements of persuasion, evidence handling, and witness examination. Participants assume the roles of advocates navigating through examination-in-chief, cross-examination, and objections, as they argue before a bench of distinguished judges. The problem is crafted to test both the analytical and theatrical aspects of advocacy, demanding participants to balance fact, law, and strategy. The competition aims to nurture the next generation of litigators by cultivating critical skills such as logical reasoning, articulation, teamwork, and presence of mind. It offers students a rare opportunity to experience the intensity of courtroom battles, refine their advocacy techniques, and gain practical exposure to the procedural dynamics of a criminal trial. Through this initiative, we strive to bridge the gap between theoretical legal education and the realities of litigation, encouraging participants to think like lawyers, act like advocates, and argue like professionals.
